

# AccessMount 180 ICW Patient Monitor

The AccessMount 180 ICW Patient Monitor provides a wide range of adjustability, allowing for effortless positioning of your attached monitor. With brackets to fit most medical devices including Nihon Kohden, Welch Allyn, GE, Mindray, Masimo, Philips, Draeger, and more, this patient monitor system is the most versatile arm on the market.

- Keep your headwall organized with integrated cable management, which allows you to tuck away cords.
- Quickly view and interpret patient data without obstruction when your device is mounted to the 180 Patient Monitor.
- Wall-mounted monitors contribute to patient safety by providing continuous monitoring and immediate access to critical information.
- The integrated cable management systems help keep the cables organized, tidy, and out of the way, reducing clutter and minimizing the risk of accidental disconnection or tripping hazards.

## Features

- Compact stowage, solid reach
- Engineered for reliability
- Durable construction
- Fully adjustable monitor
- Internal cable management protects wires from damage

## Specifications
