

Mounts for Nihon Kohden BSM-3500

Maximize every inch of bedside space with AccessMount patient monitor arms. The AccessMount 180 ICW patient monitor delivers 16" of smooth vertical adjustment, then folds neatly against the wall when not in use. The AccessMount 500 ICW offers a compact pivoting arm for fixed-height setups. Both support the Nihon Kohden BSM-3500 using a slide-in plate and optional adapter for seamless integration.

- Built for long-lasting durability and cost efficiency
- Accessory options—adapter plates, handles, cable hooks, and posts—customize every setup
- Designed specifically for the Nihon Kohden BSM-3500 monitor
