AccessMount Titan: Effortless Positioning with Ergonomic Comfort

The AccessMount Titan is our strongest and most reliable arm. It is designed for heavy use in the most demanding dental or healthcare environment. Built with high-quality internal and external parts, this arm ensures years of dependable service. It moves effortlessly through its range of motion and features adjustable rotation stops to protect equipment and the facility from damage. With internal cable management, wires are protected, and cleaning is made easier, maintaining a neat appearance.

- Provides smooth, effortless horizontal articulation and long reach
- Cables are completely hidden inside the unit even at the joints
- Components move together and adjust separately
- Mounts to a variety of surfaces including wall, desk, or pole
