

AccessMount 5220 ICW: Adjustable and Durable Solution for LCD Displays

The AccessMount 5220 ICW mount is an exceptional ergonomic solution offering extensive reach, smooth articulation and solid support for your flat panel display or TV. When the LCD isn't in use, it's quick and simple to stow into a compact profile, freeing up valuable space for patient families and staff. Additionally, the mount's slick powder coat finish and internal cable management makes cleaning and disinfection a breeze to maintain a hygienic environment.

- Best-selling mount features the longest horizontal reach in the dental and healthcare industries, extending up to 68"
- Allows users to easily find the most ergonomic position
- Quick and simple to stow into a compact profile when not in use, freeing up valuable space

Features

- Exceptional reach, smooth articulation and ergonomic comfort
- Provides solid support for monitors and TVs
- Designed to reduce musculoskeletal injuries, fatigue and the negative health effects from prolonged sitting
- Slick powder coat finish gives mount a modern look and makes cleaning a breeze
- Internal cable management for a neat appearance and simplified disinfection
- Easy to stow for freeing up valuable space
