

AccessMount 5120 ICW: Easily Position Your Monitor for Ergonomic Excellence

Maximize your workspace with a monitor mount you can pull down from above or mount to the wall. The AccessMount 5120 ICW single arm LCD mount offers complete control of your viewing angle with a convenient handle that enables full vertical and horizontal articulation of the unit. Whether ceiling or wall mounted, you can easily fine-tune the monitor to find the most comfortable viewing angle as it allows you to tilt, pan and rotate the screen, helping to avoid glare and eye strain. When not in use, the mount can easily be pushed out of the way.

- Counter-balanced design allows for easy movement in any direction
- Internal cable management for a neat appearance and simplified cleaning
- Promotes ergonomic comfort and productivity
- Maintains an organized workspace

Features

- Smooth maneuverability for precise positioning to promote ergonomic comfort
