

AccessMount 550 ICW: Space Saving Design for Flat Panel Displays

The AccessMount 550 ICW swivels up to 360° at each joint for optimal flat panel positioning, while its rigid build provides stable support for extended reach. Its compact design makes it ideal for healthcare, dental and educational spaces, as well as medical office buildings and reception areas.

- The AccessMount 550 ICW LCD arm with Paralink interface lets you easily adjust the monitor to the most ergonomic and comfortable position.
- Full articulation of the LCD with reach up to 37.5" (95.4 cm)
- Stows compactly just 9.75" (24.8 cm) from the wall

Features

- Swivels up to 360° at each joint for optimal monitor positioning
- Rigid construction ensures solid support for long-reaching arms
- Smooth horizontal movement keeps the screen at eye-level and easily accessible
- Reduces risk of musculoskeletal injuries the need for excessive bending, stretching or reaching
- Promotes a more comfortable and convenient workflow
- Compact design ideal for healthcare, dental and educational environments, as well as medical office buildings (MOBs) and reception desks
- Extensive customization options to suit various needs
- Works effectively anywhere efficient use of space is crucial

Specifications

- **Load Capacity:** 28 lbs (12.7 kg)
- **Vertical Adjustment Range (lift distance):** 6" (15.2 cm)
- **Reach (maximum horizontal reach):** N/A
- **Arm Swivel at Mount:** Desk 360°; Pole and Wall 180°
- **Screen Swivel:** 360°
- **Screen Tilt:** 50°
- **Stowed Depth:** 4.5" (11.4 cm) with LCD only
- **Monitor Rotation:** 360°
- **VESA Interface:** 75 mm and 100 mm
