

AccessMount Overhead Arm: Exceptional Reach and Range of Motion with Precise Monitor Positioning

Swing your screen into action with our most popular long-reaching monitor solution, the AccessMount Overhead Arm monitor mount. Not only do the standard and short overhead arms deliver outstanding reach and precise monitor positioning, but they also stow tightly against the wall when not in use, saving you space in various dental, healthcare and industrial environments.

- Long, rigid arm features internal cable management for a clean and organized appearance
- Equipped with our AccessMount 182 ICW articulating arm for enhanced flexibility
- Ergonomic handle offers full control for precise monitor positioning

Features

- Long-reaching overhead arm provides outstanding reach and precise monitor positioning
- Slim profile allows the mount to stow tightly against the wall to save space
- Ideal for dental, healthcare and industrial environments
- Internal cable management for a clean and organized appearance
- Protects wires from damage and simplifies cleaning
