AccessMount Computer Clamp: Enhancing Efficiency and Safety with Adjustable PC Mounts

In healthcare and dental settings, reliable computer systems are vital for efficient operations. Adjustable PC mounts, like the AccessMount Computer Clamp mount, provide essential protection and optimization for desktop and form factor CPUs. Placing computers on the floor hampers performance due to blocked airflow and increased dust accumulation—our CPU mount suspends your computer off the floor to promote optimal air current and prevent overheating.

- Features neoprene padding for secure yet gentle CPU clamping
- Adjustable to fit CPUs ranging from 4.6″ to 8″ wide
- Improves workplace safety by reducing trip hazards and protecting equipment

Features

- Provides essential protection and optimization for desktop and form factor CPUs in hospitals
- Elevates computers off the floor to prevent dust accumulation and blocked airflow
- Promotes optimal temperature regulation for CPUs
- Helps reduce downtime and maintain a safe, efficient computing environment for staff and patients
- Constructed from heavy-duty aluminum for maximum durability
- Glossy white powder-coated finish for durability and visual appeal
- Enhances efficiency and productivity by maintaining optimal computer performance

Specifications

- **Load Capacity**: 30 lbs (13.6 kg)
- **Small CPU-SF Dimensions**: 2” to 4.7” wide
- **Large CPU-FF Dimensions**: 4.6” to 8” wide
- **Vertical Adjustment Range (lift distance)**: N/A
- **Reach (maximum horizontal reach)**: N/A
- **Arm Swivel at Mount**: N/A
- **Screen Swivel**: N/A
- **Screen Tilt**: N/A
- **Stowed Depth**: N/A
- **Monitor Rotation**: N/A
- **VESA Interface**: N/A
