

AccessMount Titan: Strong, Rigid Mount

The AccessMount Titan is our most reliable arm. It is designed for use in the most demanding dental or healthcare environment. Built with high-quality internal and external parts, this workstation ensures years of dependable service. It moves effortlessly through its range of motion and features adjustable rotation stops to protect equipment and the facility from damage. With internal cable management, wires are protected, and cleaning is made easier, maintaining a neat appearance.

- Provides smooth, effortless horizontal articulation and long reach.
- Maximum reach of 63" (160 cm); stows just 11.8" (30 cm) from the wall.
- Full internal cable management from the wall to the monitor and keyboard.
- Components move together and adjust separately

Features
