AccessMount Titan Elite: Slim Design with Impressive Reach

The AccessMount Titan Elite features a slim profile and smooth pivoting at every joint, allowing precise positioning of workstations. Its full tilt, pan, and rotation capabilities support optimal ergonomics—crucial for healthcare providers who spend long hours at the screen. With ample vertical movement, it functions as a true sit-stand workstation. The arm extends up to 54" (137 cm) and stows compactly when not in use.

- Full articulation with ergonomic handle for easy adjustment
- Tilts, swivels, and rotates to minimize glare and reduce neck, back, and eye strain
- Ideal for tight spaces in today's healthcare environments
- Accommodates all keyboards and monitors
- Photo shows optional service tray that is sold separately

Features

- The AccessMount Titan Elite allows a monitor to be securely mounted from the ceiling or headwall shelf, pulled down when needed, then stowed up and out of the way
- Fingertip control and feather-light movement
- Easy-to-install cable management system allows wires to be fed through the arm
- Industry-leading range of motion of the arm and monitor. With multiple pivot points, this arm enables vertical and horizontal adjustments along with 360° of rotation.
- Fully enclosed gas cylinders
- Powder-coated and anodized for long wear and easy cleaning

Specifications

- **Load Capacity**: 28 lbs (12.7 kg) with LCD and Keyboard
- **Vertical Adjustment Range (lift distance)**: 19" (48.26 cm)
- **Reach (maximum horizontal reach)**:
  - Wall 50.5" (128.3 cm)
  - Ceiling 44.5" (113.03 cm)
- **Arm Swivel at Mount**:
  - Wall 180°
  - Ceiling 360°
- **Screen Swivel**: 180°
- **Screen Tilt**:
  - Wall 50°
  - Ceiling 90°
- **Stowed Depth**: 7.5" (19.05 cm)
- **VESA Interface**: 75 mm and 100 mm
