

AccessMount Over Cabinet Arm: Inverted Over Cabinet Mount

The AccessMount Over Cabinet mount provides a sleek, efficient solution dental, clinical or workroom environments. Designed to attach to over cabinet tracks, this unit maximizes space while delivering durable performance. Crafted from billet aluminum with a powder-coated white finish, it offers a clean aesthetic and easy maintenance.

- Space-saving design that folds neatly under the track when not in use, freeing up workspace
- Machined aluminum body ensures rigidity and longevity
- Over cabinet track mounting for tool-free deployment
- Ideal for medical, dental, or lab settings where ergonomic efficiency meets space constraints

Features

- Universal track can mount above any cabinet. Competitor's mounts will only fit on their own proprietary cabinets.
- Custom tracks can be cut to length by request
- Will not damage cabinet with vertical movement as mount includes adjustable stop
- Easy one-finger movement vertically and horizontally without noisy chatter when the mount slides across the track
- Does not require a compressor to operate
- Cycle-tested for 80,000 slides with no damage or noticeable wear
- Weight-tested on standard cabinet material and fasteners for 166 lbs (75 kg) with no damage to the mount or cabinet
- Cabling is discreetly hidden in the slide track and internally through the mount

Specifications

- **Load Capacity:** 0-22 lbs (0-10 kg)
- **Vertical Adjustment Range (lift distance):** 15" (38.1 cm)
- **Reach (maximum horizontal reach):** 17.5" (44.4 cm)
- **Arm Swivel at Mount:** N/A
- **Screen Swivel:** 360° at track; 180° when against wall
- **Screen Tilt:** N/A
- **Stowed Depth:** N/A
- **Monitor Rotation:** N/A
- **VESA Interface:** 75 mm and 100 mm
