AccessMount 180 ICW: True Sit-Stand Workstation that Stows Compactly

Our most popular mount, the AccessMount 180 ICW arm mounts in a narrow footprint of just 3″ and stows tightly against the wall. The mounting arm rotates up to 360 degrees horizontally, has horizontal reach of 43.5″ (110 cm) and a vertical reach of 16” (40.6 cm), so you can place your computer exactly where you need it.

- Engineered for reliability.
- Adjustable rotation stops protect the equipment and facility from damage. This arm will provide years of dependable service.
- The 180 ICW can be mounted to a variety of surfaces including walls, carts, desks, ceilings and more.
- When paired with the proCARE anesthesia cart, this makes the perfect operative room solution.
- Adjust the arm, monitor and keyboard for the ultimate ergonomic experience.

Features

- Compact stowage, solid reach
- Engineered for reliability
- Durable construction
- Rotates 180° at the wall mount and 360° at the desk mount for unsurpassed reach in all directions
- Fully adjustable monitor
- Internal cable management protects wires from damage
- Monitor rotates independently from the keyboard tray
- The keyboard tray adjusts easily to positive, neutral and negative tilt, independent of the monitor, for greatest ergonomic comfort
