

AccessMount Tablet: Securely Rotate, Tilt and Swivel Your Tablet

Brilliantly articulate and convenient, the AccessMount Tablet securely holds most popular tablet brands including Apple, Microsoft and Samsung. Lock in your tablet with the mount's adjustment knob and spring-loaded cradle that expands and contracts to accommodate most tablet sizes.

- Ergonomic handle allows precise control of the viewing angle
- Articulating stand provides an exceptional range of motion
- Easily transitions between portrait and landscape modes
- Select models are theft-resistant and require a custom AccessMount key for removal
- Suitable for healthcare, dental and industrial applications where tablets are used

Features

- Spring-loaded cradle expands and contracts to fit many tablet sizes
- Theft-resistant TABSDM secures tablet to plate. Requires custom key for tablet removal.
- Mount adjusts 16.6" (42.2 cm) vertically, swivels 360° and tilts to any viewing angle
- Attaches to a counter or desk with either a clamp or desk mount
- TAB12 and TABV12 series hold larger tablets such as the iPad Pro and Surface 4
- Attaches to a counter or desk with either a clamp or desk mount
- Can be customized to attach to various AccessMount arms and surfaces
- All tablet mounts have a 100 mm x 100 mm VESA pattern
