

AccessMount 6220 ICW Overhead Ceiling Mount

The AccessMount 6220 ICW Ceiling Mount is a state-of-the-art solution secured overhead to provide an accessible workstation or flat panel that can be installed almost anywhere in your facility. Healthcare and dental professionals alike will not only enjoy the arm's smooth range of motion and ergonomic comfort, but its convenience and the seamless patient care it helps provide.

- Smooth range of motion for easy positioning and ergonomic comfort
- Secured to the ceiling above, the arm stows overhead when not in use and can be summoned with the simple pull of its convenient hanging nylon handle
- Popular solution for healthcare, dental and industrial environments
- Adjustable drop pole has two retracting options – 19" to 26" (48.3 cm to 66 cm) and 26" to 37" (66 cm to 94 cm)

Features

- Convenient operation: simply pull down the hanging nylon handle to access the workstation
- Effortless stow-away: flip up the keyboard tray and push the unit overhead into a compact position when not in use
- When stowed overhead, mounting solution leaves 6-feet, 6-inches of clearance
- Sleek and sturdy construction and engineered for years of reliable service
- Workstation can be installed almost anywhere in your facility to help free up valuable floor and desk space
- Adjustable keyboard tray for optimal comfort
- Internal cable management through the arms for a clean and organized workspace
- Removable stop pins prevent internal cables from getting twisted
