TouchPoint Medical, Inc. Expands Offerings with AccessMount™ Wall Systems

Expanded product line from Touchpoint Medical: versatility to match the workflow.

OLDSMAR, Fla. – February 11, 2019 – [TouchPoint Medical, Inc.](http://www.touchpointmed.com) announced today that it has expanded its medical wall mount system product line with the introduction of the [AccessMount™ Wall Systems](#). This series is designed for more flexibility in stationary documentation and equipment management.

Versatile and strong, AccessMount Wall Systems offer a variety of wall mount configurations to securely support point-of-care clinician workflow. The easy-to-maneuver arms and load capacity make tools a reliable choice enabling clinicians to stay focused on the patient.

“We are excited to expand our point of care product portfolio to better provide healthcare facilities with flexible options when your workflow requires a wall mounted solution,” said Brad Carlson, product manager of point-of-care solutions.

Find out why AccessMount Wall Systems are a reliable stationary documentation choice for healthcare providers. Visit TouchPoint Medical at booth #935 during the HIMSS19 Global Conference & Exhibition, February 11-15, 2019, at the Orange County Convention Center in Orlando, Florida.
