

# Smarter Solutions for Your Dental Imaging Room

## Smooth, Precise Movement

Our mounting arms move easily for quick, accurate positioning—ideal for fast-paced imaging rooms. Improve comfort and efficiency while enhancing the overall patient experience.

## Patient-Focused Design

Compact, ergonomic solutions reduce clutter and streamline your workflow. Keep your attention where it matters most—on the patient, not the equipment.

## Cost-Effective Performance

Get dependable, flexible mounting systems built for flexibility and long-term use. Deliver high performance and long-term value without exceeding your budget.

## Maximize comfort and efficiency with streamlined imaging solutions built for fast-paced dental environments.

TouchPoint Medical equips dental imaging teams with compact, ergonomic solutions that simplify daily routines and reduce physical strain. Our mounting arms and medication dispensing systems support organized spaces and fast, precise positioning—enhancing care without exceeding your budget. Built to handle daily demands, our dependable systems help teams stay focused on delivering safe, efficient patient care.
