The Value of workFLO®

From single monitor workstations to laptop carts, workFLO® helps deliver better patient experiences through its streamlined and easy-to-maneuver design.

workFLO® non-powered workstations are engineered to support caregiver comfort and enhance operational efficiency in any care setting.

Adaptable to Your Workflow

- Supports a variety of devices including laptops, all-in-one computers, and small form factor PCs
- Height-adjustable with customizable accessories to match clinical applications
- Compact footprint keeps essential tools within reach

Lightweight, Mobile, and Built to Last

- Easily maneuvers through tight spaces and across thresholds
- Stable design with locking casters ensures safe navigation
- Durable construction with antimicrobial surfaces for daily clinical use

Secure, Reliable, and Ready to Deploy

- Key-locking tech bay protects equipment and supports compliance
- Modular design reduces downtime, simplifies upkeep, and minimizes maintenance needs
- Designed for durability in high-traffic clinical environments
- Available for fast shipping and seamless integration

workFLO® single monitor workstations on wheels

workFLO® Single Monitor Workstation on Wheels

Securely mount your monitor, all-in-one computer or mini/micro-PC with LCD display on this height-adjustable, easy to maneuver workstation on wheels.

Customizable to Fit Your Workflow
