

medDispense®

Combine bulk items with bins and multiple drawer options, including lids.

medDispense® C series Automated Dispensing Cabinets

The medDispense® C series automated dispensing cabinets deliver maximum flexibility in a single cabinet - from a single item to bulk supply storage. Easily expand your storage capacity further by combining the C series with other medDispense series cabinets.

- Featuring a versatile drawer system, our offering includes lidded pockets as well as single wide linear, double wide linear, and matrix drawers (available in single, double and triple depths).

- High capacity bulk storage allows users to store up to 1,400 items in one cabinet with credentialed access.
- Hold from 84 items up to 600 items in 12 to 60 drawers depending on the configuration.
- Powered by medLogic™ to deliver increased efficiency and flexibility for your team.
- Antimicrobial materials are used throughout, and all high-touch surfaces areas are infused with antimicrobial properties.
