| **Construction**                       | - Powder-coated, cast aluminum with Microban® infused antimicrobial protection.  
- Anodized extruded aluminum column.  
- Polymer work surface and touch points with Microban® infused antimicrobial protection. |
| **Casters**                            | Four, single wheel 5” casters: 3 braking, 1 directional/tracking        |
| **Power Options AC Powered / DC Powered** | - LiFe (Lithium-Iron Phosphate) or Li-Nano (Lithium-Iron Nanophosphate) battery options  
- Can be configured to be powered by direct current (DC), alternating current (AC), or a combination of the two.  
- Our DC optimized power with selectable voltage delivers 20% greater efficiency than other AC options on the market  
- Also available as a non-powered cart |

### KEY BENEFITS

- Advanced Li-Nano Technology with 5 Year Warranty
- Ergonomic Design Elements
- Fan/Fanless Charging Options
- Universal & Expandable Tech Tray
- Field Upgradeable
- Corrosion Resistant Finishes
Maximize your workflow & your investment.

AccessPoint™ workstations stand the test of time with easily configurable options to adjust to your changing clinical and IT requirements.

**Maximum Flexibility**
- Reduce downtime and tailor to your changing needs with our field-upgradeable design
- Field-upgradeable options include: BCMA, telehealth, dual monitors, medication management storage

**Cleaner by Design**
- Our exclusive Microban™ antimicrobial protection is infused into each workstation rather than topically applied, to ensure long-term protection
- Fanless charging mode reduces circulation of dust, debris and other harmful contaminants while creating a quieter environment for your patients
- Advanced polymer construction and proprietary finishes provide corrosion resistance

**Designed with the Future in Mind**
- Support many technology form factors with our universal tech tray and expandable side bay
- Easily configured technology integration for AC, DC, or both
- Extend the life of your workstations with bur battery-only replacement option. Choose a battery chemistry that fits your workflow and budgetary needs, with the ability to upgrade later to a more advanced chemistry

**Simplicity for the Long Haul**
- A high level of commonality across AccessPoint™ replacement parts and components help simplifies the service and maintenance of your entire fleet
Monitor and Manage your investment.

With AccessMonitor™ performance monitoring software, a field upgradeable design and battery only replacement options, you can monitor and manage the performance of your fleet of workstations.

AccessMonitor™

AccessMonitor™ web-based dashboard system delivers access to workstation performance data to streamline fleet management and increase workstation uptime.

- Scalable system design to support anywhere from 1 to over 1,000 workstations with easy-to-use group controls
- Automatic workstation visibility and set-up
- Reporting features include: power usage rates, real-time updates on user & alert management
Expand your delivery of care and evolve your capabilities.

AccessPoint™ workstations can help you achieve your interoperability and telehealth adoption goals with our flexible technology integration and reliable design.

AccessPoint™ Telehealth Workstation on Wheels

- Supports larger monitor formats with dual monitor options available
- One-way and two-way video conferencing technology
- High resolution cameras to review patient condition
- Wireless LAN bridge to enable wireless connectivity

AccessPoint™ Dual Monitor Workstation on Wheels

- Enables remote delivery of specialized care and timely diagnostics
- Monitor arms simultaneously fold inward with one hand to easily fit through doors or tight spaces
- Monitor configuration provides separate viewing access for caregiver and patient
- Mount a video or web camera above the monitor, facing forward; camera travels with the monitor through its entire range of motion
- Front storage options are perfect for critical diagnostic equipment
**Ergonomic Design Features**
Meets the Cornell University Healthcare Cart Ergonomic Standards 35-point checklist measuring ease of use, safety and effectiveness of the cart.

**Antimicrobial Work Surface**
Large, adjustable work surface with TouchPoint Medical-exclusive infused MICROBAN® antimicrobial protection.

**Integrated Footrest**
Designed for maximum comfort and durability, the integrated footrest helps reduce fatigue and allows nurses to relax in a more ergonomic position throughout the day.

**Fanless Charging**
The quiet fanless charging mode reduces the circulation of dust, debris and other harmful contaminants while quietly recharging your system in 3 hours.

**Fully-Adjustable Display Mount**
Raise, lower, tilt, swivel or rotate the monitor to find the ideal viewing angle, including a bifocal friendly angle if needed. Monitor can also be lowered to provide enhanced visibility while traveling room to room.

**Capacitive Touch Keypad**
Easily manage task lighting, battery level, e-lift control and computer power, even while wearing several pairs of gloves.

**Fully-Adjustable Keyboard Tray**
Provides the widest range of ergonomic adjustment:
- 10° of positive tilt
- 20° of negative tilt
- 180° of rotation
- 177mm (7in) of independent height adjustment

**Stability & Flexibility**
The robust column and cart design provides a stable workstation to accommodate a variety of display, storage and accessory options.

---

**ACCESSPOINT™ WORKSTATIONS ON WHEELS**

Ergonomics & Safety go hand-in-hand.
Our workstations are designed to adjust for the caregiver, giving them the ultimate in user comfort, convenience and flexibility.
Ensuring Uptime for Caregivers, shift after shift.

Engineered to deliver elite performance & long-term value. Our power system is designed and manufactured to withstand the day-to-day rigors of today’s healthcare environment.

Our advanced Li-Nano batteries deliver **2X the life** of typical LiFe batteries so you can focus on delivering care, not on managing your equipment. Plus, its long life and ease of being recycled make it a greener battery choice for healthcare facilities.

**Battery Life**
- LiFe Lithium-Ion Phosphate (LiFePO₄): 2,500+ Cycles
- Li-Nano Lithium-Ion Nanophosphate: 5,000+ Cycles

**Battery Runtime (@35 watts)**
- LiFe: 13 Hours*
- Li-Nano: 13 Hours*

**Charging Status Indications**
- LiFe: Continuous readout on LEDs; BatteryPro software
- Li-Nano: Continuous readout on LEDs; BatteryPro software

**Recharge Time**
- Fast Charge (Fan): 2 Hours, 3 Hours
- Silent Charge (Fanless): 2 Hours, 3 Hours

**5 Year Replacement**
- LiFe: 1
- Li-Nano: 0

**Battery Capacity**
- LiFe: 512Wh
- Li-Nano: 512Wh

**Input Voltage**
- 100-240 VDC @ 4.5 amps, max

**Output Voltage**
- DC: 10.5-16V unregulated, 12-12V selectable, 5-10V selectable
- Optional AC: 120V, 60Hz, 150W

**Power**
- 150W; 200W peak

**Battery Warranty**
- LiFe: 3 Years
- Li-Nano: 5 Years

---

*Actual runtime may vary depending on several factors such as technology configuration, battery age, usage pattern and power supply model/battery option. Runtime is based on continuous use using 35 watts.
Everything you need - Accessible and Available.

Our accessories help improve your workflow with effective ways to store, hold, and secure the items you rely on everyday.

Supply Storage & Organization
Effectively manage your supplies with a variety of bins, baskets and drawer options we offer.

- **Storage Drawers with Lock**
  - AP-AFSUDDCABINET
- **Storage Basket 254mm (10in)**
  - AP-AL10STORBASKET
- **Chart Holder**
  - AP-ALSCHARTH

Peripheral Equipment
Configure your workstations with the necessary equipment for your specific applications.

- **Signature Pad**
  - AP-SIGNPAD
- **Barcode Scanners**
  - AP-ASWHHP1902HD
- **Keyboard, iRocks Backlit**
  - AP-ARKBACKLIT

Medication Management
Increase security and accountability of medications all the way to the patients’ bedside.

- **Locking Exchangable Medication Cassettes**
- **Individual, Patient Specific Locking Medication Storage**
- **Standard Sharps Container Holder**
  - AP-ALSSHARPSH

VESAs & Accessory Rail Mounted Solutions
Securely mount your peripherals and supplies with an array of mounting solutions.

- **VESAs Camera Mount**
  - AP-ACAM-VESA
- **Sharps Container Holder**
  - AP-ALSSHARPH-02
- **Wipe Holder Kit, Small**
  - AP-AWIPEHOLDER-SM

Ask your TouchPoint Medical Representative about additional accessories to meet your workflow and storage requirements.
Fully Integrated. Fully Confident.

Allow our experts to seamlessly integrate and deploy your new workstations with our UL certified hardware integration solution.

KEY BENEFITS

- Ready to deploy to your team upon arrival
- Hardware is ETL Listed and Conforms to UL 60601-1*
- 2 Year Standard Warranty**
- Installation of BatteryPro Monitoring Software
- Multi-Vendor Support - One Point of Contact
- Provide Your Own Equipment or Purchase Through us

*Our hardware is ETL Listed. Conforms to UL 6061-1. CAN/CSA C22.2 n0.601.1 and IEC/EN 60601-1-1 medical safety standards

**2 Year Standard Warranty on ALL TouchPoint Medical furnished equipment (including computers and peripherals)
Protect Your Investment with our Enhanced Service Program.

Allow our experts to seamlessly integrate and deploy your new workstations with our UL certified hardware integration solution. Choose the plan that is right for you, whether it’s focused on minimizing downtime, reducing unplanned maintenance costs or freeing up valuable support personnel.

**ADVANCE** Deployment Services

- On-site installation
- Unpack and integrate and attach accessories
- Set up wake-on power
- Install software
- Perform quality inspection and functionality audit
- Staging of rollout
- On-site Training
- Per cart pricing, 10 cart minimum

**MAINTAIN** Preventative Maintenance

- You choose the number of Preventative Maintenance visits per year.
- Our trained technicians will arrive on site and conduct a comprehensive multi-point inspection which covers the cart, power supply and battery (if applicable)
- After the PM is performed the technician will fill out a form (by serial number) listing which carts passed or failed and what needs to be repaired

**ASSURANCE** Extended Warranties

- Choose from:
  - Parts Only coverage
  - On-Site Service (Parts & Labor)
- Available in 3 and 5 year terms
- New or existing carts (up to one year from the date of purchase)
- Additional discount available if purchased at the same time of the cart purchase
